

DECLARATION

RoHS, REACH and PFOS

RoHS 3 EU Directive 2015/863a
REACH - Regulation (EC) No 1907/2006
PFOS Directive 2006/122/EC

Sunpower Group Holdings Ltd and its trading entities declare that our products, including their associated manufacturing processes and/or packaging, comply with the following requirements:

RoHS (Restriction of Hazardous Substances) – EU Directives 2011/65/EU, 2015/863/EU

Our products do not contain restricted substances specified in Annex II of RoHS 3 in concentrations exceeding allowable limits (typically 0.1% by weight; cadmium 0.01%), unless specifically stated.

Any product or component containing lead (Pb) above 0.1% by weight strictly adheres to the following current, valid RoHS exemptions:

- **6(c):** Copper alloys containing up to 4% lead by weight.
- **7(a):** Lead in high melting temperature solders (≥85% lead by weight).
- **7(c)-I:** Lead in glass or ceramic components (excluding dielectric ceramic in capacitors, e.g., piezoelectric devices, glass, or ceramic matrix compounds).

These exemptions are confirmed valid as of the declaration date and are regularly reviewed for updates and expiry in accordance with EU regulations.

REACH (Registration, Evaluation, Authorisation, and Restriction of Chemicals) – Regulation (EC) No 1907/2006

- Our products do not contain any substances from the (247 item as of Jan 2025) **Candidate List of Substances of Very High Concern (SVHC)** above 0.1% by weight unless:
 - The substance is present in compliance with relevant regulatory requirements or quantity thresholds.
 - We undertake notification and communication obligations in line with Article 33 of REACH, if applicable. Please see Appendix 1 for any declared substances:
- We actively monitor the ECHA Candidate List and update our compliance position as necessary.

PFOS (Perfluorooctane Sulfonates) – Directive 2006/122/EC

- Our products do not contain PFOS above 0.1% by weight (1000 ppm).

Ongoing Compliance Commitment:

Sunpower Group Holdings Ltd will continuously monitor regulatory developments and update declarations and compliance procedures as required. All products are subject to ongoing review, and documentation is maintained to demonstrate compliance.

If you require further details or supporting documentation for specific product lines or part numbers, please contact us.

Doc No: 79 v2.0 01/07/2025

Appendix 1 (delete if not applicable)

Some components supplied and used within our products covered by this declaration may contain lead (Pb) [CAS # 7439-92-1; EC # 231-100-4] in a concentration above 0.1% by weight (w/w).

The presence and use of lead in these components is strictly in accordance with current and valid RoHS Directive exemptions, including but not limited to:

- **6(c):** Copper alloys containing up to 4% lead by weight
- **7(a):** Lead in high melting temperature type solders (alloys containing 85% by weight or more lead)
- **7(c)-I:** Lead in glass or ceramic components other than dielectric ceramic in capacitors (such as piezoelectronic devices or glass/ceramic matrix compounds)

These exemptions are currently in effect and are monitored for any regulatory changes or expiry.

Products supplied by Sunpower comply to one or more of the above
